To Whom It May Concern:

This letter is to inform you of our **preference for central time** in Mercer County in North Dakota.

We reside in Hazen and have children involved in school sports, music and interactive TV classes outside of school hours due to the school's location in mountain time and the school activities in central time.

Medical facilities available to us are either located in central time or operate on central time which is time consuming for students missing school to accommodate the time difference.

We also are employed by companies whose main office is located and operates in central time. There are about two unproductive hours over lunch and at the end of the day because of two time zones.

For these reasons, we, Kim and Bonnie White, would like Mercer County to be moved from Mountain to Central time.

Thank you for your time and consideration.

Sincerely,

Kim and Bonnie White  
218 2nd Ave NW  
Hazen, ND 58545
